ATTORNEYS NAMED BY INDIAN OFFICE
Commissioner Sells Begins Work of Reform; Conferences Are Called.

WASHINGTON, Dec. 27.—The appointment of five additional probate attorneys to take up the reform work instituted by the Indian office in connection with the protection of the property rights of Indian children, was announced from the Indian department today. Commissioner Cato Sells of the Indian office has called a conference of attorneys, field agents and county probate judges to convene in Muskogee, Okla., January 3, to consider further steps in the programme of reformation of laws and practices.

Commissioner Sells today directed the commissioner for the five civilized tribes of Indians to lease for another year the surface of the segregated coal lands in Oklahoma belonging to the Choctaw and Chickasaw Indians. Mr. Sells took this action after he found it would be impossible to complete the appraisal and sale of any portion of the 450,000 acres in time to let settlers put in crops for the coming year.

TRANSPORTATION CLUB TO HOLD CELEBRATION

Business Meeting and Banquet to Be Held at the Hotel Utah January 3.

The Salt Lake Transportation club will celebrate the arrival of the new year on the evening of January 3, with an entertainment at the Hotel Utah. Unlike former meetings and entertainments given by the club, the members of the club will be present. This innovation was decided upon in order to demonstrate to the ladies what the club does at its sessions. Reception of the members and guests will be in the clubrooms in the Hotel Utah from 6:30 to 7:30 p. m. After all have arrived, they will adjourn to the banquet room, where the programme will be opened with a regular business meeting. The feature of this is to be a lecture by Julian Bamberger on "Observations on a Modern Interurban System."

After the business meeting, refreshments will be served, while an orchestra plays popular airs, and S. V. Derrah will take charge as toastmaster. He will introduce as speakers, J. A. Reeves, R. K. Brown, Charles Richards, Frank Nebeker and the Rev. F. A. Simpkins.

FORCED TO GIVE GIRL \$57.10 AS BACK PAY

As the result of an investigation made yesterday by A. J. Toone, deputy state commissioner of immigration, labor and statistics, a Midvale merchant was forced to pay a girl employee \$57.10 in back pay. The young woman had only been paid \$25 a week. She will not only get the extra money, but her salary will be increased to \$30 a week. The defense of the merchant, when Mr. Toone discovered that the woman was being underpaid, was that he had given her discounts on goods purchased. When the state officer threatened to prosecute him for having her work five hours a week longer than the legal five-hour limit, the merchant compromised and agreed to pay the back salary.

SMELTER SMOKE CASE NOW IN FEDERAL COURT

Transcript upon removal from the Third district court to the United States district court was filed yesterday by the clerk of the federal court in the case of William Smith against the American Smelting & Refining company. Smith's suit for \$100,000 damages alleged to have been caused to his land through fumes, gases and smoke from the smelter. He also seeks an injunction to prevent the smelting company from causing further damage to his land.

HONOR GRAND OLD MAN OF THE BRITISH PRESS

LONDON, Dec. 27.—Representatives of the British and foreign press gathered today at Hall Barn, the country home of Lord Burnham, the grand old man of the British press, and presented him with an address on the occasion of his eightieth birthday tomorrow. Lord Burnham is still active in his control of the Daily Telegraph.

RUMORS SET AFLOAT MEET WITH DENIAL

ROME, Dec. 27.—Officials of the Vatican, as well as intimate friends and relatives of the late Cardinal Rampoldi, today denied emphatically rumors put in circulation in certain quarters of Rome of mysterious circumstances surrounding the prelate's death. They also declared there was no intention of exhuming his body for medical examination, as the cause of death had been already established.

AWAIT ACTION ON A BILL IN CONGRESS

PARIS, Dec. 27.—No appropriation for the Panama-Pacific exposition at San Francisco has yet been voted by the French parliament. The cause of the delay is understood to be the bill drawn up by Thomas E. Ewing, United States commissioner of patents, which is pending before the United States senate and is intended to amend the Kahn act for the protection of models and designs of exhibitors passed by congress in September.

New Chinese Consul

PANAMA, Dec. 27.—Tong Thian Chong took up his post as Chinese consul today in succession to Ou Yang-Kong, whose resignation was returned to him by the Panama government in consequence of his alleged opposition to the Chinese registration tax being put into effect. Ou Yang-Kong has been transferred to Batavia, Java.

GLOVER TO BE HELD FOR KILLING BOER
Los Angeles Authorities Not Satisfied With Stories Concerning the Tragedy.

LOS ANGELES, Cal., Dec. 27.—Information obtained by city detectives which showed, they declared, that Roy Glover, the San Antonio man, had purchased two automatic pistols prior to the tragedy of last Sunday, in which the former Boer soldier, Henry de Villiers, met death, resulted today in an announcement from the district attorney's office that Glover would be held for trial.

De Villiers was shot when he attempted to enter Glover's home, ostensibly to see his former wife, who claims now to be Mrs. Glover, and his two little children, who were brought here by Glover last October. Glover declared he shot de Villiers in self-defense. After the shooting an undischarged automatic pistol was found beside the body of the ex-soldier, and at the inquest the former Mrs. de Villiers said she had witnessed the struggle between the two men and had seen de Villiers with a weapon in his hand just before he was mortally wounded.

SIX FIREMEN INJURED IN ST. LOUIS BLAZE

ST. LOUIS, Mo., Dec. 27.—Fire ruined a five-story building in the heart of the business section here early today, causing a loss of \$250,000. One hundred and fifty guests at the St. Regis hotel were routed in their night clothes by flames which leaped across the alley and threatened to attack the hotel windows. Six firemen were injured, none fatally, by showers of burning embers from the collapse of walls and roof.

The Adams Stamp company, the Harris Shoe company, the McKnight Tailoring company and the Young Woman's Christian association down-town restaurant were the principal losers.

This is Guaranteed to Stop Your Cough

Make this Family Supply of Cough Syrup at Home and Save \$2.

This plan makes a pint of better cough syrup than you could buy ready made for \$2.50. A few drops usually make an ordinary cough—croup, whooping cough, etc.—disappear. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with 1/2 pint of water, and boil for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite, and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, asthmatic croup, bronchitis, bronchial asthma and whooping cough. The effect of pine on the membranes is well known. Pinex is a most valuable concentrated compound of Norwegian white pine extract, and is rich in quaiacal and other natural healing pine elements. Other preparations will not work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, though never successfully. It is now used in more homes than any other cough remedy.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
